### **Education**

LEED AP      Leadership in Energy and Environmental Design (LEED) Accreditation earned October 2006.

B.S.            University of Wisconsin-Madison, College of Agricultural and Life Sciences. Recreation Resources Management and Wildlife Ecology. May 2006.

### **Professional Experience**

- 2005 -      **Madison Environmental Group, Inc.**, Madison, Wisconsin  
*Project Manager.* Acts as project leader for construction and deconstruction waste recycling projects. Tasks include: creating informational and communication materials for construction recycling, quantifying recycling progress, and developing reuse and recycling and construction waste recycling management plans. Assists with other Build Green and Live Green services, database management, and coordination of the Environmental Action Team (EnAct) program.
- 2004        **Red Oak Camp**, Kirtland, Ohio  
*Program Director.* Planned and coordinated camp activities, including adventure education trip. Organized logistics of medical records, food supplies, equipment needs, and taught skills to campers while instilling values of teamwork and self-reliance.
- 1998-2002    **Red Barn Camp**, Kirtland, Ohio  
*Counselor.* Carried out educational and adventure activities for campers 6-11 years of age. Worked to keep young campers focused while teaching rock climbing and safety fundamentals. Encouraged continued enjoyment of outdoor activities and communicated camp philosophy to parents through numerous parent/camp interactions.

### **Activities and Achievements**

2005-2006    Volunteer, Meriter Terraces Assisted Living Residence, Madison, Wisconsin
